

# COMMERCIAL

Better Sleep. Better Business.

# Your Guests are Important

Sealy offers the quality, comfort and support your guests value.

## Experts in the Hospitality Industry

Sealy has partnered with the leaders of the New Zealand accommodation industry for over 30 years. We know that choosing the right bed for your guests is important – as a quality sleep experience will keep your guests coming back. Sealy beds provide the right combination of support and comfort for your guests. Select from our extensive range and you will find the right option for your budget and needs. Rest assured with Sealy – our service doesn't end with the purchase. Working with you, we will develop a tailored solution and provide great personal service. Across New Zealand we can come to you to propose the right option for your business. With a professional team throughout the country we are just a phone call or e-mail away. Our strong commitment to New Zealand made products ensures our lead times are short and flexible.

## Respected Brand

Sealy is known and trusted worldwide for quality and support. We are a respected global brand, setting the standard in quality and innovation around the world.

## Sealy Cares

Sealy New Zealand is proud to manufacture quality mattresses and bases, while pursuing practices that reduce our impact on the environment. Our commitment includes reducing carbon emissions through the responsible sourcing of raw materials, recycling of components, fabrics and fibres to minimise waste, as well as the ethical disposal of non-recyclable products.

## Industry Associations

As partners of the New Zealand accommodation industry, Sealy has proudly supported the industry body by sponsoring the annual HM Awards, since 2009.

The Sealy Commercial range is ranked for Quality by AAA Tourism's National S T A R Rating Standards & Guidelines.

# Durability & Product Integrity

Important for peace of mind.

## | When it Comes to Innovation, Sealy Never Sleeps

Sealy has a long history of innovative product development, with numerous unique patented product technologies. Following stringent testing and continuous research, the innovation continues.

## | Can you Ask for More?

Sealy beds are specially developed to help people sleep more soundly. Our range of sleep systems are designed in conjunction with orthopaedic surgeons and reviewed by the Orthopaedic Advisory Board (OAB).

Our beds are designed to reduce partner disturbance – with pressure relieving comfort layers that minimise tossing and turning and enable orthopaedically correct support. This provides your guests with a quality sleep experience that will keep them coming back.

## | Absolute Satisfaction

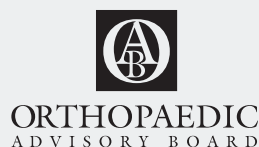

The performance of every component is rigorously tested to meet and exceed commercial requirements; so you can have peace of mind in the quality Sealy stands for, and have confidence in your investment.

The Sealy R&D centre is NATA accredited (National Association of Testing Authorities) to comply with Australasian standards.

## | Proudly New Zealand Made

Sealy New Zealand is committed to manufacturing products locally. Our beds are handcrafted in our state-of-the-art manufacturing facility, and components are locally sourced where possible.

Every step of the manufacturing process is monitored and conforms to New Zealand industry standards, with safety and environmental regulations adhered to.

# DYNASTY COLLECTION

## Dynasty Collection

For the best in luxury, the Sealy Posturepedic Dynasty collection provides unparalleled comfort, support and durability.

### 10 Year Guarantee

Backed by the Sealy 10 Year Guarantee and supported by the National Customer Care Centre, you can rely on the superior quality and service of Sealy Commercial.

#### Fabric Treatments

- High quality fire retardant treated stretch knit fabric.

#### Reinforced Edge

# Flexible Bedding

## | Zip Bed

The flexible zip bed quickly enables you to convert our super king size sleep set to two single extra long beds in minutes. This allows you to quickly adapt the room, and maintain your guests' comfort.

We use high quality commercial grade zips, providing strength and long-lasting durability. All Sealy Commercial models can be supplied as zip beds.

## | Trundle Bed

A great alternative bedding solution to accommodate your space requirements. Especially suitable for smaller spaces and adjoining family rooms, to accommodate children or additional guests comfortably.

Designed as 'two beds in one' the lower mattress features a roll-out slat base with castors, allowing it to be used anywhere in the room. Available in both single and king single sizes.

## | Vertical Roll-Away

Vertical roll-away beds are a flexible bedding option, that can accommodate additional guests easily. The bed can be compactly stored in a vertical position, and can be easily moved around the room on castors. What's more, it's fast to set-up, offering comfortable bedding at a moment's notice.

The bed features a durable metal frame and an adjustable headboard height. It is presented in a single size, across all commercial models, featuring a platform base with the option to upgrade to a designer base.

## | EziCare®

Formulated to protect your bedding investment, EziCare® inhibits moisture or fluid passing through to the mattress. It promotes a longer mattress life and reduces maintenance and room down-time. EziCare® can be applied to any Sealy Commercial mattress model. It is available as a strip across the centre, or as an all-over option (top and sides).

# Designer Bases

Featuring fresh and contemporary textured fabrics, Sealy Designer Bases combine style and function to offer a modern setting for your guests.

- ➔ Available in fashionable woven, textured & macro-suede fabrics
- ➔ A selection of contemporary colours to suit your decor
- ➔ No need for a valance, saving on-going maintenance costs

## | Glides

Sealy Commercial offers a selection of glides to cater for a variety of flooring types and height requirements.

2" Black  
(50mm)

4" Black  
(100mm)

4" Silver  
(100mm)

6" Black  
(150mm)

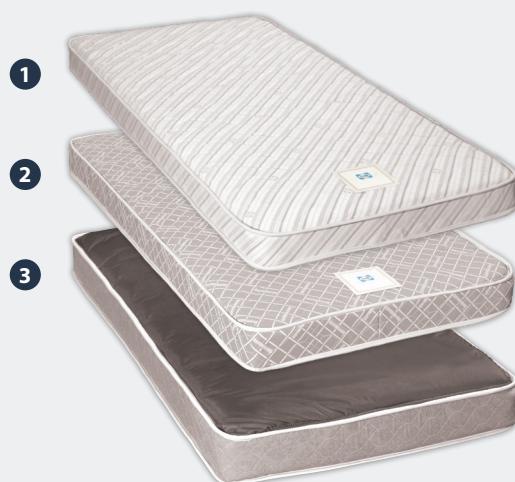

# Low Profile Series

Designed for specialist applications, such as health care, government agencies and allied industries.

Available in three models with your choice of Fireguard® or EziCare® fabrics to meet industry requirements.

- 1 Low profile mattress
- 2 Low profile mattress with Fireguard®
- 3 Low profile mattress with EziCare®

Low profile mattress height is 150mm

## Mattress Sizes

Our Sealy Commercial products are handcrafted and assembled to the highest standard.

The dimensions shown below are nominal and subject to a tolerance of  $\pm 15$ mm. To avoid incorrect manchester/bedspread fit, receipt of product for exact measurements is recommended.

FORMAT	WIDTH (MM)	LENGTH (MM)
Single	915	1900
Single Extra Long	915	2030
King Single	1055	2030
Double	1385	1900
Double Extra Long	1385	2030
Queen	1525	2030
King	1680	2030
Super King	1835	2030
California King	2030	2030
