

Sealy Posture
SERIES

**DESIGNED FOR SLEEP.
STYLED FOR LIFE.**

The Posture Series is designed to transform the way you rest, delivering deep, restorative sleep that supports your body and refreshes your mind. At its core is our leading coil technology system, which works seamlessly with our premium comfort layers, so you can experience comfort and support all night long.

Whether you're upgrading the master bedroom, creating a guest space that truly feels welcoming, or choosing the perfect bed for growing teens, the Posture Series combines smart design, superior comfort, and proven sleep science.

MODERN STYLE. SEALY INNOVATION.

The Posture Series delivers more than restorative rest, it brings a refined, contemporary aesthetic to your bedroom. With sleek, minimalist lines, a soft, modern palette, and textured fabric finishes, this collection is designed to complement interiors effortlessly. Subtle detailing and clean silhouettes create an on-trend look that integrates with a wide range of interior décor styles.

Beyond its design appeal, the Posture Series is fully compatible with adjustable bases, giving you the freedom to personalise your position for reading, recovery or simply finding the perfect angle for your sleep profile. This flexibility makes it easy to relax after a long day, with comfort tailored just for you. By combining style, support, and adjustability, the Posture Series transforms your bedroom into a space that adapts seamlessly to support your lifestyle.

ENGINEERED FOR COMFORT. POWERED BY KEY FEATURES.

The Posture Series is designed to transform your sleep experience. Every detail is engineered to deliver deeper, more restorative rest.

MEMORY COMFORTCENTRE

Enhanced centre-third memory foam comfort layer, designed to relieve pressure-points and support the body for deep, restorative sleep.

CORESUPPORT® COIL

Our single-stage support system is built with six-turn coils that deliver enhanced conformance and deep-down support – the coils are twice-tempered to ensure lasting strength and durability.

POWEREDGE™ TECHNOLOGY

Reinforces the mattress perimeter for edge-to-edge comfort, provides a stable seating surface, and offers adjustability - perfect for reading and rejuvenation.

ADJUSTABLE BASE COMPATIBILITY

Built to work seamlessly with adjustable bases, offering the flexibility to personalise your sleep position for enhanced comfort, relaxation, and recovery.

DURABILITY YOU CAN TRUST

Crafted with premium materials for lasting performance, providing value that endures.
